Freelance Artist   January 2005- Present
Self Employed Artist
I self-published, Illustrated and cowrote a children's book.
Produced mixed media animated music videos for bands in Philadelphia and Brooklyn where I collaborated, shoot video, still photography, animated using hand drawn/stopmotion techniques all composited in After Effects.

Projects

Freelance UX Designer   Sept.-Oct. 2016
Koa -General Assembly
Is a data management tool that holds large quantities of mortgage loan deals. We simplified the very complicated site to only contain the most necessary navigation in order to make it easier for users to filter data during queries.

Project Manager   Aug.-Sept. 2016
Nespresso -General Assembly
Designed a mobile companion app for Nespresso enthusiasts that combines information on maintenance of the machine; location of nearby recycling locations; sharing of art/recipes made with Nespresso as well as a newsfeed about coffee culture.

UX Designer   Aug.-Sept 2016
WebMD -General Assembly
Created a feature for the WedMD app that includes the on boarding process users must complete in order to have access to a personalized newsfeed with relevant information on their ailments and interests.

Past Work Experience

Digital Art Teacher   Aug. 2015-Dec. 2015
Tech International Charter School
Bronx, NY
Taught art using traditional and digital techniques

Digital Art Teacher   Aug. 2012-May 2015
San Francisco School District
SanFrancisco, CA,
Taught art to high school students using traditional materials and computer programs such as Photoshop, Illustrator and Flash.
